8-A. FOLLOW-UP DISCUSSION AND POSSIBLE ACTION TO OFFER COMMENT TO THE NEVADA BOARD OF WILDLIFE COMMISSIONERS REGARDING THE LITIGATION REPORT. *At its January 29, 2021 meeting, the Deputy Attorney General presented to the Nevada Board of Wildlife Commissioners a status report on litigation, as an informational item. The CCCABMW may desire to offer public comment on the litigation.*

8-B. DISCUSSION AND POSSIBLE ACTION TO MAKE RECOMMENDATIONS TO THE NEVADA BOARD OF WILDLIFE COMMISSIONERS REGARDING COMMISSION REGULATION 21-03, 2021-2022 AND 2022-2023 BIG GAME SEASONS. *At its January 30, 2021 meeting, the Nevada Board of Wildlife Commissioners will consider adopting the 2021-2022 and 2022-2023 hunting seasons and dates for mule deer, pronghorn antelope, elk, bighorn sheep, and mountain goat, including limits, hunting hours, special hunt eligibility, animal sex, physical characteristics, hunt boundary restrictions, and legal weapon requirements, and emergency depredation hunt structure and statewide quota.*

(4:54:32) – Chairperson Boehmer introduced the item and entertained Member discussion on the proposed changes to the big game hunting season sections and the Nevada Department of Wildlife (NDOW) recommendations referenced for Commission Regulation 21-03, all of which are incorporated into the record. He noted that the NDOW recommended shortening the archery hunting season for antelope in units 041 through 042, and 043 through 046 by one week to allow for the muzzleloader hunt to run from August 15 through August 21 for residents and nonresidents, which “doesn’t really make archers happy, of which I am one.” He added that he has seen archery tags go unused in the past and there is more success in the muzzleloader hunts, and he would remain neutral on the matter. Member Thompson commented that the hunter going into the referenced units “knows what they’re putting in for it,” and he noted that the recommendation was to reduce the conflict and pressure on the animal. He was in favor of the recommended change and noted that the “biologists know best.”

(5:02:02) – Chairperson Boehmer was in favor of the recommendation to add units 043-046 to the “horns shorter than ears” resident antelope section, and the Members noted that there was no concern with the recommendation.

(5:03:15) – Chairperson Boehmer commented that “the biology warrants depredation” regarding the proposed “antlered” and “antlerless” elk depredation hunts. The Members supported all of the Department’s recommendations relating to elk.

(5:09:06) – The Members were in support of all of the recommendations relating to bighorn sheep.

(5:19:50) – Chairperson Boehmer commented that unit 111 through 113 “needs to have a late season” in reference to the Department’s recommendation to add a late season mule deer “any legal weapon” hunt in

unit 111 through 113 to run from November 10 to November 30. The Members were in favor of the recommendations relating to mule deer and emergency depredation hunts.

(5:23:36) – There were no further Member comments, and Chairperson Boehmer entertained a motion.

(5:23:49) – **Member Fleming moved to support item 8-B. The motion was seconded by Member Green.** Chairperson Boehmer noted that he would be voting in opposition to item 8-B based on the Department's second recommendation relating to shortening archery antelope seasons for units 041 through 042 and 043 through 046, and he called for a vote. **The motion carried 4-1-0.**
